5. **APPROVE REVISIONS TO EMPLOYEE HANDBOOK**
   Director Reynders presented recommended changes to the Employee Handbook regarding vacation and personal time accrual. The recommendation is to merge personal time into vacation time. This would have no impact on the actual paid time off received, but make accrual and tracking easier and more consistent. Trustees discuss the recommendation, as well as the time off policy in general. Trustee Martel requested that the recommendation be amended reflect time off in hours, not days, as time off can be taken in hourly increments.

   Trustees requested that Director Reynders review the entire time off policy, including evaluating the multiple levels based on position and years of service.

   Trustee Martel moved and Trustee George seconded to **APPROVE REVISIONS TO THE EMPLOYEE HANDBOOK AS AMENDED.** Voice vote carried.

6. **RETIREMENT REVIEW UPDATE**
   Director Reynders walked the Board through a series of discussion points regarding defined contribution and defined benefit retirement plans, including cost, employee opinion, the value of robust employee benefits, plan pros and cons, and plan flexibility. After considerable discussion and a straw poll, Trustees agree to take IMRF off the table for discussion at this time. Director Reynders will evaluate other defined contribution plans and other benefits such as additional training and financial advisement.
7. **REVIEW RESIDENT AND NON-RESIDENT STATISTICS**
   Trustees reviewed statistics regarding resident and non-resident circulation, specifically regarding Chicago residents. The Board recognized that Chicago resident circulation is steadily rising, and discussed the impact it has on the library. Director Reynders presented several options to address the issue, including further restricting Chicago resident circulation by type and/or by quantity.

   Trustees requested additional statistics for the next meeting, 1) the average number of books Chicago patrons take out at a time (how many are taking out the maximum of 15) and 2) what “type” of books Chicago patrons are checking out.
