FUN WITH FINGERPLAYS AND SONGS

This Is Big [action rhyme]

This is big, big, big [stretch hands far to sides]

This is small, small, small [cup hands together]

This is short, short, short [hold palms close vertically]

This is tall, tall, tall [hold palms far apart vertically]

This is fast, fast, fast [roll hands quickly]

This is slow, slow, slow [roll hands slowly]

This is yes, yes, yes [nod head]

This is no, no, no [shake head]

Two Little Blackbirds [fingerplay]

Two little blackbirds sitting on a hill.
One named Jack and one named Jill.
Fly away Jack, fly away Jill.
Come back Jack, come back Jill.

[Verses:

*Two little blackbirds flying in the sky.
One named Low and one named High...*

*Two little blackbirds sitting on a pole.
One named Fast and one named Slow...*

*Two little blackbirds sitting on a gate...
One named Early and one named Late...]*

ASL SIGN OF THE DAY "Opposite"

Opposites Simon Says [callback rhyme]

I say fast and you say.... SLOW!
Fast! Slow! Fast! Slow!

I say up and you say...DOWN!
Up! Down! Up! Down!

I say loud and you say...QUIET!
Loud! Quiet! Loud! Quiet!

I say clean and you say...DIRTY!
Clean! Dirty! Clean! Dirty!

I say happy and you say... SAD!
Happy! Sad! Happy! Sad!

I say big and you say...SMALL!
Big! Small! Big! Small!

We Are Opposites

We are opposites,
And I'll tell you more
I say after,
And you say before.

I say stop,
And you say go.
We are opposites --
I told you so!

I think it's hot,
You think it's cold.
I say it's new,
You say it's old.

I come in,
And you go out.
We are opposites,
Let's give a shout!

D.I.Y. Opposites Puzzle

Supplies:

Cardstock

Markers

Scissors

Brainstorm a list of opposites with your child (examples: in/out, big/small, open/closed, etc.) and then use a piece of heavy cardstock to draw each concept and its opposite.

Cut the cardstock down the middle between the two opposites in a puzzle shape (zig-zag, curves, etc.).

Once you've made 5-10 different opposite puzzles, you can mix all the pieces together and play a matching game!

Understanding the concept of opposites helps children build their **communication skills by increasing the vocabulary they have** for describing detail in things and events.

Which opposite pairs can be demonstrated with just our bodies? Big and little? Happy and sad?

Play a game with your child where you ask your child to do a movement opposite to yours (example -- if you reach up high to the sky, your child should reach down to the ground). Following these simple rules will help develop not only their **understanding of opposites, but also self-regulation and motor skills.**

Brainstorm a list of other words that begin with the letter "o."
